

# Jennings County Drug and Alcohol Task Force Presents:

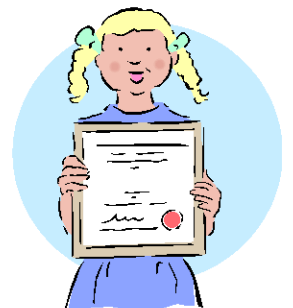

## Mark Potuck

*Want to know how to insure your kids will do well in school; stay healthy; say no to alcohol, tobacco & other drugs; and end up happy, successful, well-adjusted adults?*

If healthy educator, Mark Potuck had the secret formula for that, he'd be a wealthy man. However, he doesn't. But, he can and will share some insights concerning ways we can encourage young people to make healthy choices. Through the use of music, theatrics and lots of humorous photos, he'll show how young and old alike can enjoy life, while significantly increasing the odds of experiencing a long, high quality existence. So, come prepared to smile, laugh and maybe even be inspired.

**When: March 22, 2007; 6:30 PM**  
**Where: Jennings County Library**  
Mark's program is free of charge.  
Bring the whole family.  
Light Refreshments will be served.

*Reservations not required, but appreciated. Call 352-3033 to make a reservation.*
