Life is expensive. That's why, if you make less than \$43,279 (\$48,279 if married filing jointly!) it pays to find out about the Earned Income Tax Credit.

You could get up to \$5,657 extra back from the IRS when you file your taxes.

So you could catch up on bills, afford a few extras, or just worry less about money.

Be your own economic stimulus!

Find out if you qualify for eitc at
